TRANSCRIPT

REMOTE VIEWING (RV) SESSION CC38

#14 This will be a remote viewing session (edited for security).

PAUSE

All right #01. Before the session, I showed you a building of interest. I now want you to project into this building and describe what you see.

PAUSE

+02 #01 Some kind of small entrance. Appears to be some
kind of a small machine of some sort sitting on
the counter. (Mumbling) kind of an odd shape
but, it's really square. (Mumbling) foyer there's
+04 ..uh..very large room behind the foyer. Don't
understand it being behind the foyer. See..uh..
(mumbling) raised area in this large open room
in back of foyer. Sort of a...under the impression
this is a multi-functional type building. There's
...uh...getting a very strong impression of a lot
+05 of seats or alot of chairs in this large room. It's
not a...~~not an auditorium or anything.~~ It's a
...it's a large room with a lot of seats. (Mumbling)
there's a...appears to be some kind of a corridor
or something. Rear right...large room..corridor..
Getting...uh...going down this corridor, there's..
+06 ..uh..appears to be some kind of a kitchen, or
something. I looked inside. Strong impression of
+07uh....almost snack bar type thing.....

I hate to say this, but this is a very difficult session.

#14 Because of the noise?

#01 There's so God-dam much noise going on in this building today, that's.....

#14 Why don't we just knock it off and see what happens later.

#01 Yeah. Let's just wait a few minutes, huh.

#14 End of session.

TARGET CUIING INFORMATION

REMOTE VIEWING (RV) SESSION CC38

1. (S) The viewer has been exposed to open source news media information as well as classified overhead imagery. He knew he would be working against the hostage situation in Iran.
2. (S) At the time of the session, the viewer was shown overhead imagery of the US Embassy compound in Teheran, Iran. The area designated as Area I was pointed out to the viewer by the interviewer. The imagery is not included herein due to its classification.

ADMIN NOTES:

1. (S) Outside noise level was so great that the mission was aborted approximately 7 minutes after the start time. No drawings were made.
2. (S) CC39 is a follow-up session conducted later in the afternoon using the same target information.
