

LTC Buzby

at 1430 hrs, 23 Apr. I talked with
Fred Neal re: Anderson Post article. I told
him:

1. First Time "Grill Flame" words released.
2. ACSI notified of article, LTC Flannery notified
3. Suspected that someone like McRae probably leaked the info. because, although the two stories were true, the facts were not quite right. It was as though ~~someone~~ someone was retelling what they had heard on a briefing.

Fred N. said he would get a memo back to us.
