The good life unfolds on sea and land. Sails furlled, a pleasure fleet anchors in Newport Harbor off Beacon Rock, home of Mr. and Mrs. Felix de Weldon. The mansion, built between 1889 and 1891 for yachtsman Edwin D. Morgan, shows classical Greek influence in its court and marble columns.

Ida Lewis Yacht Club, on the spit at upper right, takes its name from a doughty spinster lighthouse keeper who in the late 1800's earned fame for her many daring rescues in stormy seas. The light is now part of the clubhouse.

Duel at sea: The Australian challenger for the *America's Cup*, *Dame Pattie*, cuts the choppy waves of Rhode Island Sound as she tries to overtake the United States defender, *Intrepid*. The American yacht defeated *Dame Pattie* by almost six minutes in the initial 28-mile race and swept the series with four consecutive victories in September, 1967. Newport has played host to the 117-year-old classic since 1930.
