On 30 May 1984, Source 63 reported the following information concerning the event that occurred on 09 [REDACTED] April 1984 [REDACTED]

SG1A
SG1A
SG1A

Source 63 reported the event as a manmade explosion. There was a muffled boom, a powerful light. There were whining, ripping and water sounds. A large dome shaped object rose out of the water (not further identified). Source 63 felt that this event was connected (NFI) to a building, perhaps a one story, fenced in building. The building was gray and smooth, made of mixed materials, flat and of varying heights. The building had a strange secretive, quiet, electric feeling (NFI). The people involved were foreign, had black hair and wore white and black uniforms (NFI).

Source 63 was unable to provide any further information concerning the date and location of interest.
