FORMAT

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

Control Number: 8606

Nickname:

Date of Session: 7 AUG 86

Target Country:

References:

Session Number: (CRV #3)

Date of Report: 7 AUG 86

Mission Status:

Technique Utilized: CRV

Source Identifier: RV-021

1. (S/NF/SK) TASKING: (Same as CRV session #1 & #2)
2. (S/NF/SK) SESSION: Same encrypted coordinates. Session proceeded per SOP.
3. (S/NF/SK) SUMMARY: Site involves an event brought about in a civilian/military scientific environment. Two of the people associated with the event have differing perspectives — one is purely scientific and looks at this (event) as the beginning of future possibilities, while the other is more concerned with the tactical/strategic ramifications and the effects it could produce on ^(against) others. → The event involves bright, glinting light in radiating

rays.  Very large, dark.

SG1A

4. (S/NF/SK) FEEDBACK: Some was provided with a picture of the event.

ADL Break - people are dumbful and have
brought about a stupidly devising tactic
to disguise actual events. In other
words, ~~that~~ the event was purposefully
created to distract attention from what
is actually going on. Military / civilian
Government. Scientific.

5'4" 1/2 - seems to be a dissention between
 the two people as to the purpose
 of the mission. AOC looks - 2^d person
 is more like a Doc-type - whereas
 in the scientific ramifications, 1st
 person could care less about all
 that, he is only concerned that
 the event is performed to direct
 the ^{AOC's point} mission

~~Event is a phenomena (man-made) created
by "mistake"~~

Site involves an event brought about in a
(London) scientific / ~~base~~ military environment. Two of the
people associated with the event have differing
but correct ^(perspectives) is purely scientific and
looks at this as the beginning of future
possibilities, while the other is more
concerned with the tactical / strategic
manifestations and the effect it will
produce on others.

SG1A

The event involved bright glinted light
in redshifted range. The pulse
