Predictive AOL:

NYC will be the target of an unexpected terrorist attack (by air and ground) by Osama bin Laden suicide forces timed to coincide with Reagan's participation in 4th of July celebrations (early morning). Because of the number of people in attendance (American + foreign) and the televised coverage, there will be international repercussions directed at Libya, including Soviet and 3rd country.

Reagan will survive.

Washington will also be a target, simultaneously, with primary targets the White House (I have no house) and the Pentagon (responsible for carrying out Reagan's orders to attack Libya 15 April). This one is more to disrupt rather than retaliate with killing.

official celebrations in NYC. (It's not too late to do all of the
