### SUMMARY OF INFORMATION

A MAJOR PORTION OF THE TARGET APPEARS TO BE A MAN-MADE STRUCTURE. THERE IS SOMETHING THAT IS CONVEYED HORIZONTALLY ACROSS THE TOP OF THIS STRUCTURE, BUT FALLS OFF AT THE END IF IT CONTINUES ON. THIS STRUCTURE APPEARS TO BE SUPPORTED BY POINTED ARCHES AND OPEN LATTICE-WORK. THERE SEEMS TO BE LOTS OF ANGLES, PEAKS, AND POINTS, ALONG WITH FEELINGS OF ROUNDNESS, CURVING AND A FEELING OF MOTION. I ALSO GET THE IMPRESSION THERE IS A BODY OF WATER NEARBY, OR THAT WATER IS ASSOCIATED WITH THE TARGET SITE.
