SUMMARY OF INFORMATION

The meeting site is in an office. The walls of the office are lined with bookcases and there is a table at the center of my view. The table is constructed of a dark wood and all of the principals of the meeting are seated around it. The principals at the meeting are all men. One of the men seated at the table is wearing a round hat with a tassel (like a Turkish hat). The other men seated across from him are wearing suits. The other men seated on his right are wearing loose fitting clothing and what appear to be "Kofias".

I cannot determine if there is any one person in charge -- all of them appear to have a significant power base. There are a total of eight to twelve people in the meeting.

Phonetics of names for people wearing the suits are (Mendez, Scobar, Tielle) and the phonetics of people seated across from them are (Jawal, Tat or Tet, Moal and finally Muir).

The meeting is a business meeting, the topic of discussion is one relating to the exploration of new market frontiers, new movement routes and what to do about informants or traitors to the cause. Air and overland movements are both topics of discussion.

This meeting looks like a tremendous strategy session. There are maps on the wall that have arrows drawn from the north down into the south. There are things that look like direction of attack arrows indicating potential routes and support personnel in the areas and along the way. The operation is labeled "Back Door" and uses Greenland, Alaska, Canada as major routes or bases.

There are vast intel nets being developed at great expense. People who stand in the way or who are perceived as threats will be eliminated. The cost of elimination is inexpensive as compared to the enormous losses that can be felt. A hit list is being developed to create a shock effect -- spread terror and intimidate. Names on the list include: Jimmy Carter, Ronald Regan, Noreaga, Dan Quale, George Bush and Jessy Jackson.

Code names associated with operation "Back Door" are: Winchester, Ice Man, Out Rigger or just Rigger. Numerous deaths have occurred as a result of this meeting -- and many more will occur as the plans unfold.

There was a young man who was assassinated prior to this meeting as sort of a display of reality and sincerity. His body was exposed, he died violently and suddenly to make a statement.
