SUMMARY OF INFORMATION:

SG1A

The target is a vessel bearing the call sign [REDACTED]. It is white on top and green on the bottom. There is something round, bright, and glowing on this vessel. There are people on board and machinery sounds. The activity on this vessel has something to do with items moving downward on something like a conveyor belt. There is much energetics involved with this target. It felt like something was blocking me from getting more information on this vessel.
