[REDACTED] If so, where are the illegal drugs located. If in a container, describe contents. Identify the name of the company shipping the illegal drugs.

REPLY:

Drugs in the form of cocaine, appear to be on board. The drugs are to be found beneath boards; they are surrounded by sticky substance(s), possibly glue. The drugs are located toward the stern directly below the superstructure. One container has contraband but not in the form of drugs. This container is located about 8 containers from the top, 6 from port and 15 from stern. A second container is cylindrically shaped and located 8 from the top, 4 from port, and 17 from stern. Contraband is in the cavity of the cylindrical roll.
