OPS

Comments:

ops perception
of info furnished

- The location of drugs was described as a land drop in the vicinity of geo coord 36° 15' N / 121° 50' W (a water offshore area. The land drop is in the vicinity of an airport.

- On 29 May the (SG1B [redacted]) target vessel was sailing west (at a slow speed) in rough waters.

- Salinas surfered as either the ~~indent~~ drop area where the drugs were stored or as a final destination for the drugs

- The word ~~surfered~~ surfaced plus

- a second, ^{small,} vessel, a fishing vessel.
appeared to offload and head south
with the contraband.
