SUMMARY OF INFORMATION

yes
yes
The target is an island. The island has bluffs and some surf action (see sketches). The contraband is located inside a metal container (box-like) which has an air/water tight seal (See sketch page 7). The contraband was delivered to the location by a fishing vessel (see sketch page 7). This box is located in the upper left quadrant of the search area as indicated by the (X) in quadrant C2. The search will have to be done just past the bluffs amidst the sand and vegetation.
