

21. NOT MUCH GOING ON SOME  
KIND OF PERSONNEL CARRIER, (PC) LIGHTLY  
ARMED TWO PEOPLE IN FRONT  
DRIVE WITH STICKS AND PEDAL  
BACK SECTION FOR PERSONNEL  
BENCH ON SIDE. INSIDE IS CRAMPED  
AND LOOKS UNFINISHED ROUGH  
METAL, EXPOSED KNOBS AND BOLTS.  
BACK OPENS DOWN TO FORM  
RAMP FOR INGRESS / EGRESS  
BELIEVE TWO FILES OR  
MEN ENTER REAR OF (PC) AND  
HEAD IN DIRECTION SIDE,

WEAPON IS BEING EXAMINED.  
THERE IS A SENSE OF JUBILATION  
AND EXCITEMENT BUT I AM  
NOT SURE WHERE THAT IS  
COMING FROM. WHEN I  
ASK WHERE WEAPON WAS  
MADE I GOT TWO IMPRESSIONS:  
1<sup>ST</sup> IMPRESSION IS OF A LARGE,  
HYGE HANGER LIKE BUILDING  
WHERE THINGS ARE MOVED  
ON RAILS. 2<sup>d</sup> I GET FLAT  
GRASSLANDS, (SREPER?) WITH NO  
TREES AND HIGH HILL, III  
MAYBE 100 MILES DISTANT.

AREA IS DESERTED AND I SEE  
NO PEOPLE. HOW MOVED?  
IT HAS BEEN MOVED BY  
RAIL AND TANKS HAVE BEEN  
MOVED ON WATER ~~ALONG~~  
WITH LAND ON EITHER SIDE.  
I ASK MORE RECENTLY AND  
GET TWO WORDS "TANK  
RETRIVER" FOR WHATEVER  
THAT IS WORTH
