02 JUL 87

SUBJECT: SRV report for week of 29 JUN - 02 JUL, 1987

1. Six sessions were begun, each ending in total destruction as it crashed in flames. It was a very bad week for SRV-ing.
2. Each of the sessions, right after beginning, was overwhelmed with crisp, sharp visuals of airplanes, specifically jetliners with smaller planes nearby. This proved to be an AOL drive which I could not seem to work through each time, so I just gave up.
3. There is therefore nothing significant to report.
