- D. EVALUATION DATA:
 Viewer Confidence (H/M/L): _____
 Evaluator's Estimate: _____
- E. SESSION SUMMARY:

Site was open and spacious. I felt that I was outside. There was an object that was round. There was another object that was triangular in shape. I felt that the individuals were looking down at a natural environment. When the individuals moved, it looked as though they were walking sideways. The color orange was predominant at the site. Water was at the site. I could see brown or black walkways that were made of wood. Site seemed transitional at times.

PROJECT: 92-75-B

DATE OF BEACON ACTIVITY ON TARGET: 18 JUL 92

DATE OF SESSIONS: 20 JUL 92

SOURCE 025:

----The target is a huge object on display located in a land/water interface.

----The object is in an inactive state - it is one of many (such objects).

----The object appears to be of some historical significance.

SOURCE 049:

----The target is an object made of iron and characteristically curved.

----It is as special and specific in nature as the "minarets are to the Kremlin."

----Violent flashes are associated with target.

----There is a European feel - a Latin feel to the target.

SOURCE 079:

----The target is an object located outdoors.

----It is predominantly orange.

----There is water at the site.

GENERAL SUMMARY:

The target is a rather big object located in an area characterized by a land/water interface. The object is a sort of a "curio" having some sort of historical significance to the general public. The target appears as having been associated with some (high form) of energy.
