- E. SESSION SUMMARY:

There will be a marine life crisis wherein there is concern over the shortage of a large mammal species with teeth. These animals are threatened by something in their environment in the near term.

The new African President will be successful.

Regardless of the recent assassination of the head of Algeria, democratic reforms will continue.

There will be no more earthquakes in California this year.

Fond economic agreements will be reached between the U.S. and the Japanese which will favor American industrial exports.

TASKING SHEET

SOURCE NO: 025

DATE: 25 JUN 92

SUSPENSE: 2 JULY 92
COB

1. PROJECT NUMBER: 92-72-T

2. METHOD/TECHNIQUE: Method of choice

3. BACKGROUND: None

4. ESSENTIAL ELEMENTS OF INFORMATION:

Conduct topical search in accordance with attached guidance.

5. COMMENTS:

optional coordinates: 131210/531021

TOPICAL SEARCH - COMMENTS:

- The topical search consists of the conduct of a remote viewing session directed against targets whose outcome is in future time. It is predictive in nature and normally addresses targets of distinctive high interest and public notoriety.

- Targets may include but are not limited to significant events, accidents, catastrophes, significant political/military events, significant human accomplishments or any other type information that would likely be on front page news.

- This project will be initiated Thursday, 20 Feb 92, and will be performed on a regular basis every Thursday for the next month. This project could be extended.

- All inputs are due COB, each Thursday.

- The "future time window" may be any time between 1 to 6 days following the Thursday session.
