- SESSION TYPE: \_\_\_\_\_.

o Other record data, such as target control type, targeting technique, target source, who has target knowledgeability, and other data will be recorded in the project records for each specific SPT target.

ATTACHMENT 2

SummaryOverall impression

- Wide, spacious, outdoors, flat plane
- Smaller object on the plane that is rectangular, longer than wide,
- ~~There seems to be~~
- The plane seems to slope upward in a curved fashion to the rectangle rather sharply
- Predominant color is blue (interior of rectangle,
- Rectangle seemed to be divided into squares by wavy lines
- Outside of rectangle is gray and smooth
- Plane is gray
- Plane and rectangle seem to be the same basic color (gray)
- There appeared to be a horizon line in the background. The area above the line was divided into 3 ~~shapes~~ basic shapes — to the left were wavy gray lines going from upper left to lower right — on the right was a dark green mass that appeared to be solid, sloping up from left to right — area between was light blue

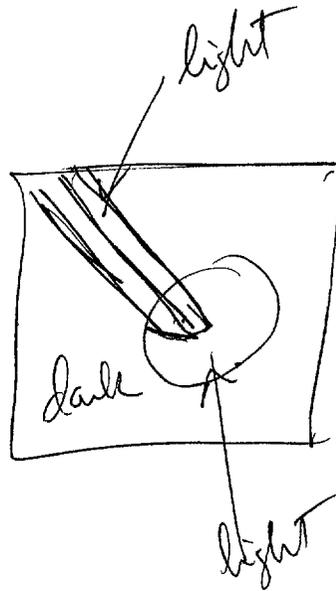

- Target appeared to be illuminated by a low light level
- At one point the rectangle seemed to stretch out and became a pipe which was spinning
- Early impressions were of a light colored spoon-like object resting on a flat plane. The bottom of the spoon-like object later appeared to be immersed in the plane.
- The purpose of the target is for swimming and giving pleasure.
- The target had a salty taste associated with it.
- There was a momentary sweet smell like vanilla or coffee.

S4 1/2 A large rounded thing with fuzzy edges, The edges are soft and they move. It is very bright. This entire object moves.

There is also something that moves downward, like on a conveyor belt. It has many objects on it and they are falling down on something

Objects are jiggled. Not all the same but very similar. They are moving downward.

There is much energetics or activity associated with this site.
