structures.

Gate closed in area
Rounded off (some is
high on the first
high interest
Submarine

Red

smaller faster like the
Tornado

Low intensity effects

3

+ smaller faster
- submarine / underwater

faster model
like a lion movie

- more complex aspect

- more computerized

- micro chip size

- Robot submarine yes

- Out in water to collect / recover info

pm.

Weaponry

Devices put on
snap / un snap

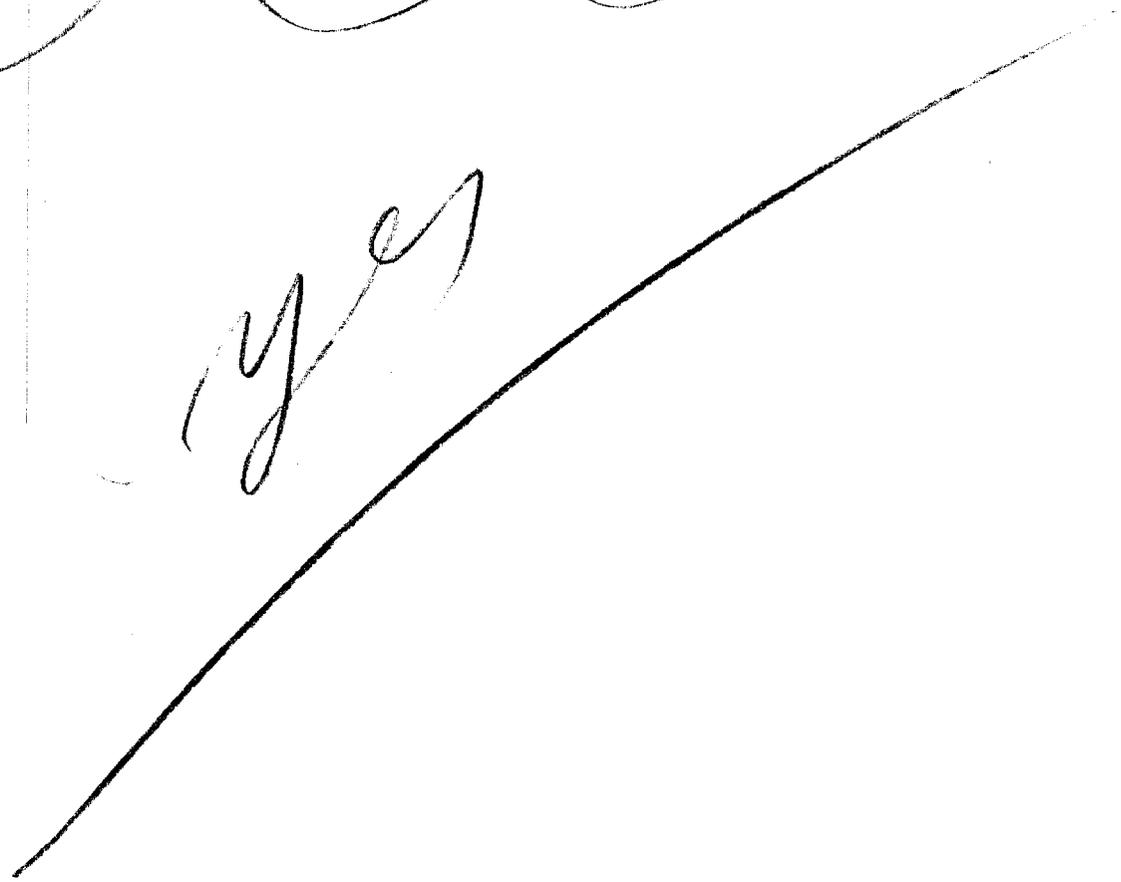

three Peter Potay Rutter

- Sophisticated weapons

Shurt Mrs. Prust

4

yes

1

Structure -
Content

* Developmental Activity -

Structure - big angles, tall, long, elongated with windows

Resembles - technical facility
resembles - plant -

? is there any developmental?
(sketch -)

yes

existed here for some time

(SNR
RNR - along the lines

Placed - logical thinking
concerned ^{with} low density.

giving work to Balaban

*

Other structure (outdoor looks

3

Combine your nature with other structures

Gates - not so much

gates -

an area rounding off.

Place is high on list to know what is going on

Chemical

? Is develop. activity here to do with submarines?

Yes

Smaller faster, zipping through system for low intensity conflicts

Smaller

4

Submarine hold weaponry
moving thru waters
like a lion - moving
fast.

Is it actively something
used by Sub

Yes

Sub itself is more complex-
computerized -

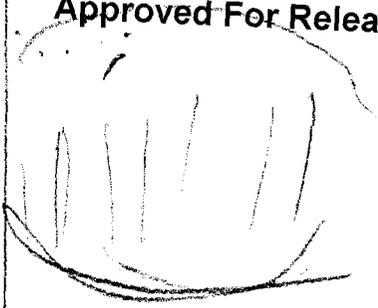

no man on board -

? Robot Sub?

Yes

Can go out in waters & collect
info - come back on tape
voice matching

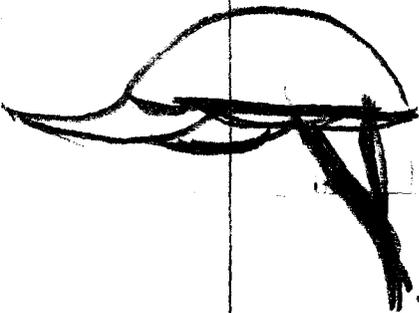

5

Weaponry
devices put on snap +
unsnap -
little tiny Bombers -
going off in different directions

Piter
Rotas
Rittar
