(12)

SESSION SUMMARY: SITE IS A STRUCTURE SURROUNDED BY A "FENCE-IN" AREA. THE "FENCE" HAS A "CATCHING" OR VERY ROUGH FEEL.

THE FENCE-IN AREA SURROUNDING THE STRUCTURE APPEARS TO BE EVENLY-SIZED ALL AROUND THE STRUCTURE, AND, FOR THE MOST PART, OPEN. THERE ARE SOME "JUNKY-LOOKING" AREAS IN IT.

THE STRUCTURE, ITSELF, IS VERY URBAN & GIVES THE IMPRESSION OF ^{BEING} ALMOST INDUSTRIAL/ALMOST SCIENTIFIC IN NATURE.

INSIDE THE STRUCTURE THERE IS A LOT OF ACTIVITY, ALL OF WHICH SEEMS TO BE OF A TIME-SENSITIVE NATURE. ALL THE ACTIVITY IS WELL COORDINATED AND SOMEHOW INTER-RELATED, IN SPITE OF THE FACT THAT IT CONSISTS MAINLY OF INDIVIDUAL PROJECTS.

THE ENTIRE SITE SEEMS TO BE LOCATED AT AN UNPOPULATED END OF TOWN. OUTSIDE THE BLDG, I GOT THE FEELING OF HESITANCY TO GO INSIDE, BUT ONCE INSIDE, IT SEEMED VERY NICE & IMPRESSIVE.

SESSION END
1112 HRS.
