SUMMARY OF INFORMATION:

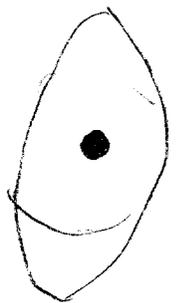

There are things rushing by, very fast. There are people at the site that are walking around. Something is big, solid, has a sharp edge, like a rock or a cliff. It is warm here and comfortable. Colors evident are blue, black, yellow, and green. There is a round shape that is bright and yellow. Also an odd, fish-shape that is yellow or green. There is something jagged, with spikes sticking out on all sides. There are trees here. There is something that looks like a huge eyeball, (AOL-hunted house, like in an amusement park). There is a main structure that is square and boxy looking. Inside the structure it is open. There is something curved and something horizontal that has parallel lines. There is confusion here.
