PROJECT SUN STREAK

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER: S2 TNG	SESSION NUMBER: 1
DATE OF SESSION: 880818	DATE OF REPORT: 880819
START: 0845	END: 0910
METHODOLOGY: CRV	VIEWER IDENTIFIER: 32

1. (S/NF/SK) MISSION: Access and describe in a stage two sense training target #63, Gibraltar, Spain.
2. (S/NF/SK) VIEWER TASKING: Encrypted coordinates 3065/2163.
3. (S/NF/SK) COMMENTS: Excellent session. O32 experienced all sensory perceptions and dimensionals. O32 learned today the problems encountered by entering stage two too quickly: namely, increased AOL and not accessing all major gestalts (structure was not encountered before it would normally be time to enter stage 3). O32 now knows that it is not necessary to get stage 2s for the first ideogram, but rather that he should wait until after he has good stage 1 contact. O32 had a variety of physical inclemencies (arm sore, etc.).
4. (S/NF/SK) EVALUATION: 3.

BROKEN BRIDGE TO AFRICA dangles from Europe: Gibraltar once formed part of a mountain wall that linked the continents. Caves riddling the Rock have yielded elephant and rhinoceros fossils. The city crowds beside its mole-enclosed harbor. Andalusia spreads beyond Gibraltar Bay.
