PROJECT SUN STREAK

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER: 92 TNG	SESSION NUMBER: 1
DATE OF SESSION: 880822	DATE OF REPORT: 880822
START: 1455	END: 1515
METHODOLOGY: CRV	VIEWER IDENTIFIER: 32

1. (S/NF/SK) MISSION: Access and describe in a stage two sense training target # 79, Venice.
2. (S/NF/SK) VIEWER TASKING: Encrypted coordinates 4526/1220.
3. (S/NF/SK) COMMENTS: Adjustment to the new viewing environment is progressing, today's session went well. 032 experienced some difficulty in obtaining all site gestalts (he did not identify water until the end after repeatedly misobjectifying a wavy across ideogram as land) this almost caused an AOL drive of wheat fields but he stuck to structure and pulled through. The fact that it is preferential (but not mandatory) to obtain all site gestalts previous to entering stage 2 was discussed. 032 understood that if this is not done it can lead to AOL drive if one is not careful. 032 had physical inclemencies. Also discussed was 032's new tendency of the past two sessions to follow the stage 2s of open or windy with fresh smell or clean taste based on an association rather than based on actual taste or smell.
4. (S/NF/SK) EVALUATION: 3.

Francis G

The adjustment is with the monitor more than the viewer. (Both in the room)

THE YEAR 1071 was a bad one for the Byzantines, East and West. At Manzikert, in the highlands of eastern Turkey, the multinational Byzantine Army, riven by dissensions and desertions and for once sloppy in reconnaissance, was annihilated by the invading Seljuk Turks it had marched east to destroy. Anatolia, breadbasket and prime recruiting ground for Byzantium, subsequently was stripped forever from Christendom, opening the way to later Ottoman invasions of Europe.

In Bari, port city in southeastern Italy, I

Bari, sacked by the Normans after a three-year siege. Five years after the Battle of Hastings in England, the Normans had conquered southern Italy.

The year 1204 was even worse. On April 13, Fourth Crusaders en route to Jerusalem committed what historian Sir Steven Runciman called "the greatest crime in history"—the Christian sack of Constantinople. Burning, pillaging, raping, the crusaders looted what they didn't destroy to enrich Venice, Paris, Turin, and other Western centers with "every choicest thing found
