SUBJECT: GRILL FLAME Participant Counseling Statement (U)

1. (C) I, LAWRENCE J. RICHARD, voluntarily accept assignment in the INSCOM GRILL FLAME Project (IGFP) with the full understanding that:

a. I will be assigned in accordance with my capabilities and experience within the IGFP regardless of my rank or previous position.

b. The primary consideration in any career development or assignment action will be the IGFP mission and operational requirement. In this regard, I understand that exemption, interruption or delay in the normal career development patterns such as branch schooling and assignment opportunities may prejudice future promotion and assignment potential. I have been assured, however, that every effort will be made to preclude adverse effects on my career.

c. I constantly must be aware of the need for personal security and will not disclose my connection with the IGFP without approval of competent authority.

2. (S) I further understand that the aim of the IGFP is to develop highly skilled personnel who are capable of conducting professional level intelligence operations using psychoenergetic methodology. Assignments are governed by the sensitivity and degree of expertise required for the position. The development of IGFP members will be accomplished with special training based on mission requirements.

3. (C) I hereby acknowledge receiving formal counseling from IGFP management personnel concerning my assignment in the IGFP. I understand that my participation in the IGFP is voluntary and that I may be re-assigned at my request without fear of adverse personnel action.
