E. SESSION SUMMARY:

Site was open and spacious. I felt that I was outside on a nice warm breezy day. Site had a man-made structure or object that was at a distance. This structure or object was tall and square and big and red. The structure or object represented history.

There may have been some type of energy shooting off to the side of the site. The energy was in motion and it was going up in a V formation. *The energy was red also.*
