Al, this is [REDACTED] in J2.

SG11

Have been discussing things of general interest with [REDACTED] and he indicated it would be appropriate to get a brief read-in on SG. Have been targetting Friday morn 0900 but Harold indicates difficulty getting in contact with you.

Could you join us here at the Pentagon and read us in? I think it's probably a one-time deal, but have no way of knowing at this time.

Please give me a call today, preferably before noon if possible.

Thanks,
SG11

PS in answering this via email, you'll have to do an "ANSWER", as I won't show in your email user list, more than likely.
