Deep dark

black

rounded edges

surface below a surface

thick, spaced
out stuff

A/S

~~not~~

old quarry
or small
body of water

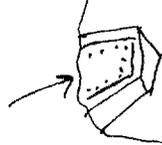

steep cliff face
or cut in ground

stuff from side
hangs, (very wet here; almost like
water etc dripping, or sand falls)

dark blue/black liquid

location of
wooden frame
object

dark grey
metal object
sticks out from
ground a little

- ① - 1st location of tail section
- ② - 2d location after movement (angled down)

New houses nearby - a series of two story,
mostly light brown or yellow; open field
rolling field; piles of dirt; old metal
objects, rust; scattered around piles

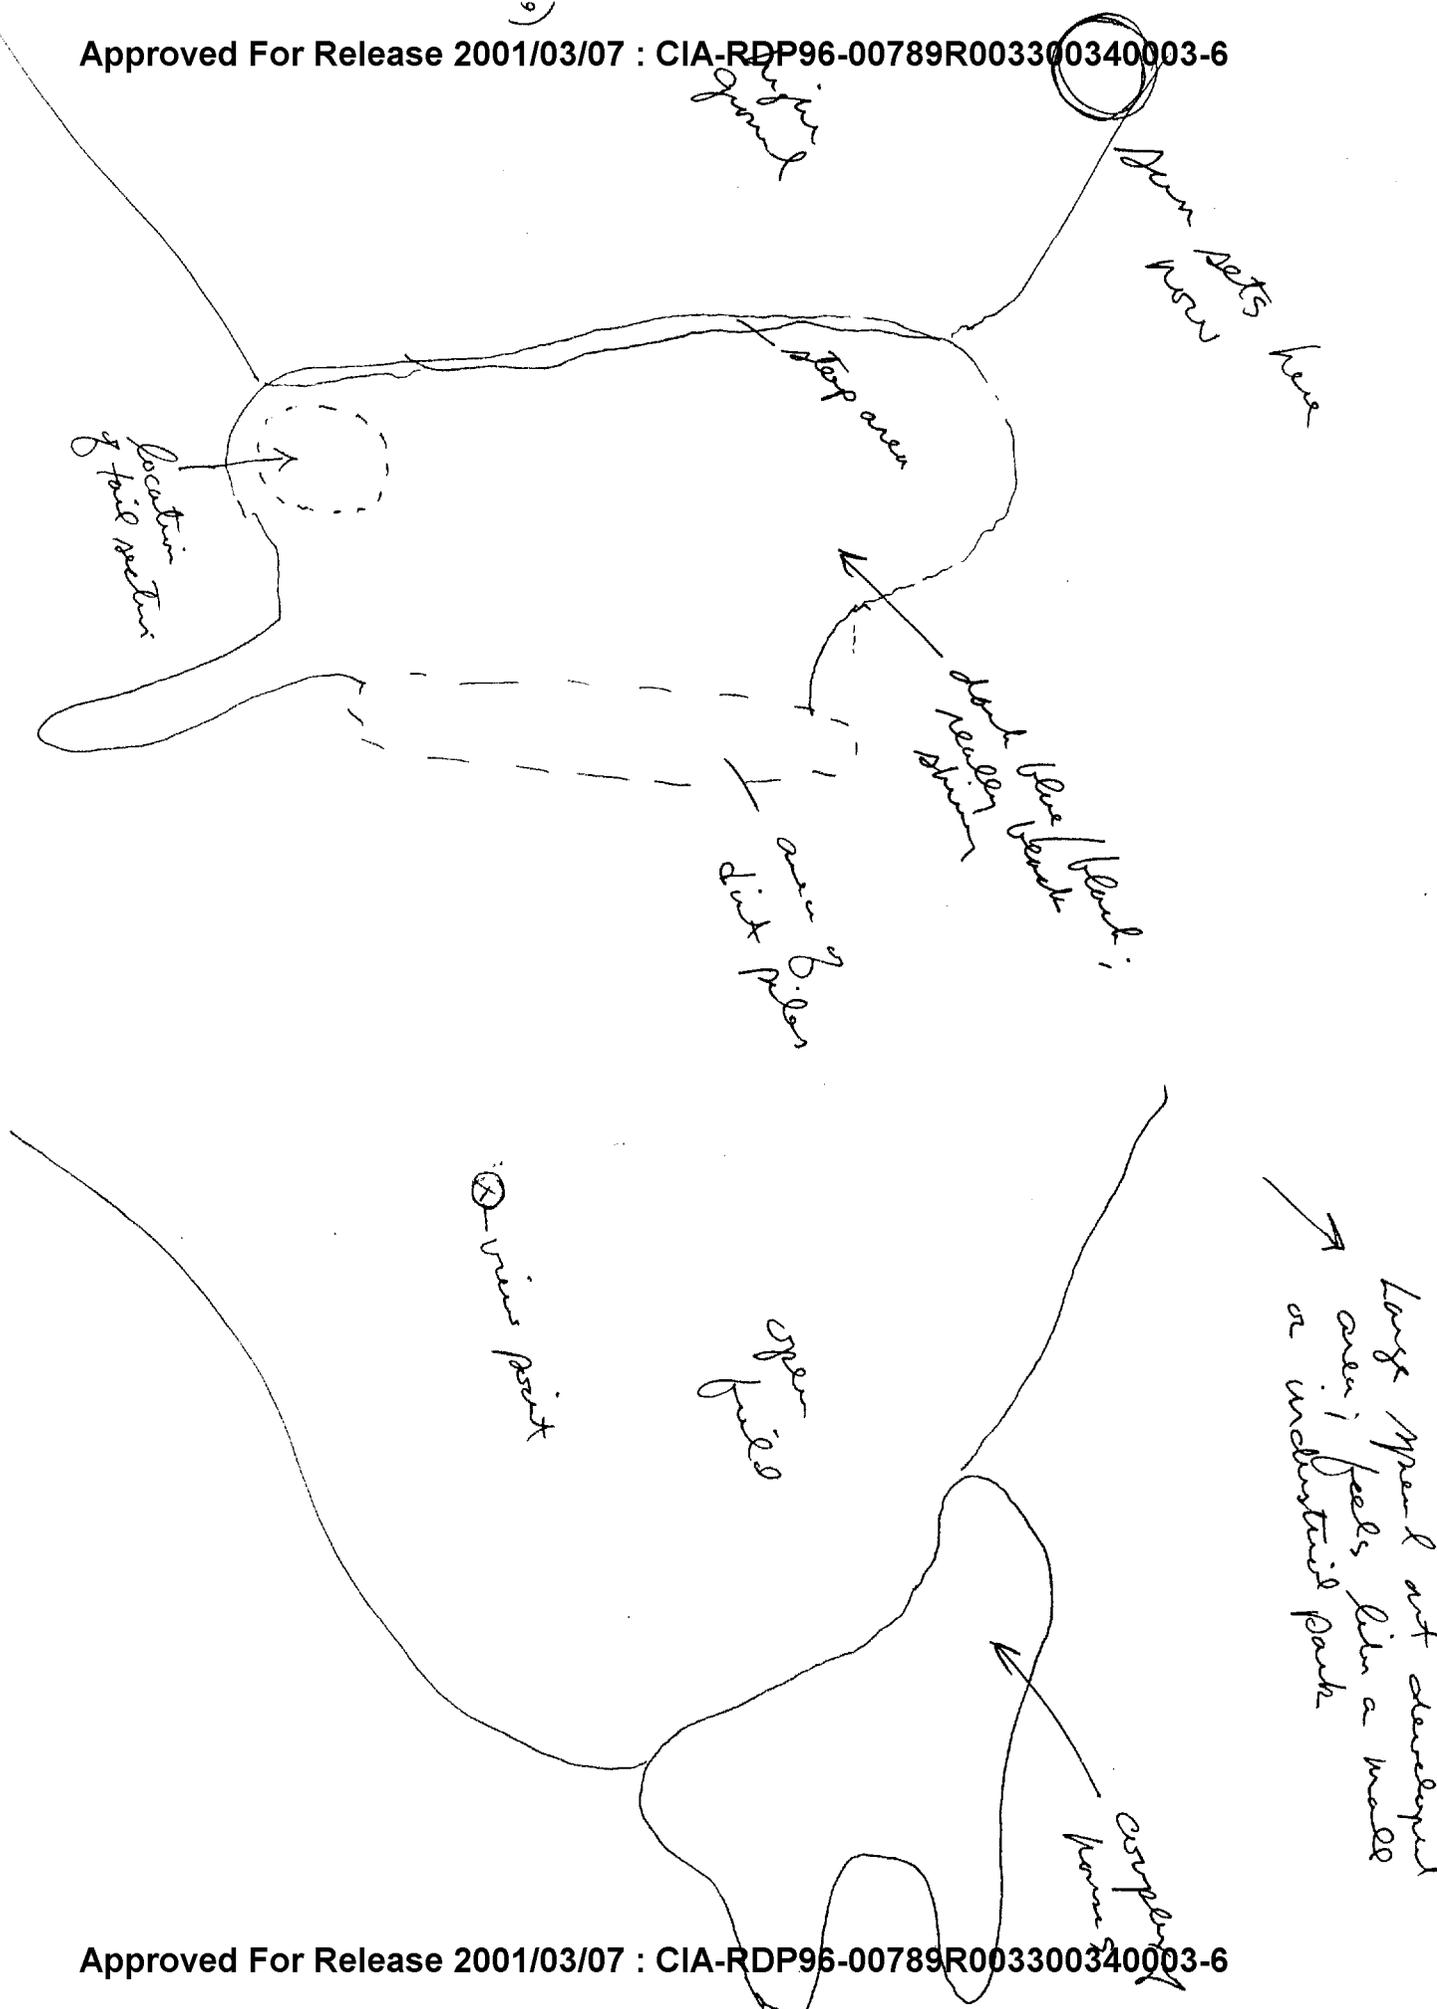

series of
piles of
"old" or
disrupted steel
metal object

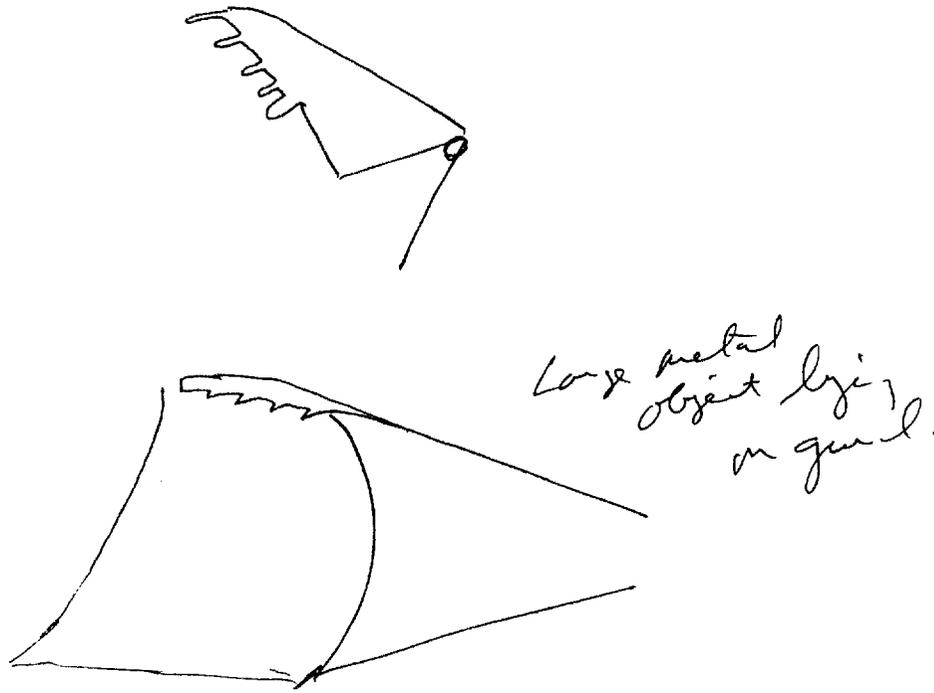

metal objects

open
rolling
field

cluster of
several two
story houses

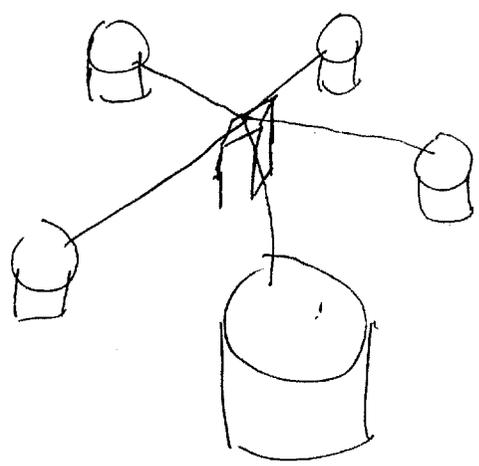

River.. reed
River for
River stop
Reed River

[Location info;
structures; phenomena, etc]
~~What happened~~

go up 800' / 1500' i. view entire area.

see a complex of circles connected
by lines to a central object

← This is same direction
wsw of site.

Large, spread out town or city south of site;
lots of trees, open spaces between structures.
gray-blue haze in the air.

Area north of Rock Hall, MD,
