

SESSION SUMMARY
16 FEBRUARY 1988
VIEWER: 0095

Site is ridged low structures (AOL corrugated roof). On one structure there is a curved metal object on top (AOL water tower). Inside one structure (building 232) it is ~~very~~ and ~~filled~~ with ~~oil~~. The roof of this structure is ~~used~~ and ~~rough~~ and has a raised "wall" around it. On the roof a man is ~~sitting~~ ~~low/crouching~~. ~~His job is to watch~~. When queried as to where Terry Waite was he pointed toward the east towards a more closed in, narrower, lower building.
