E.   <u>SESSION SUMMARY</u>:

      During this session, I could not tell whether I was outside or inside. The site does have a large square structure associated with it and an oval object.
      The idea or concept with this site is not new and has had many modifications over the years.
      I had the feeling that the concept or idea is very "American."
      Phonetically, I was receiving the word "America/American" or USA.
