PROJECT SUMMARY: PROJECT # 9053

OPERATION: KW-47 (On-site) SG1A

TASK: (3 JUL 90) Describe the entity [] and provide its location.

REPLY: Two to three entities are currently associated with [] One, a small, white vessel with Swedish markings. Another used callsign or name [] may have, as a first name(s), one or more of the following singularly or in combination: JUAN, MANUEL, RAMONE or RAMOND. Their middle or last name is TIRESTE. A detailed description of the person was provided.

ACTION: No JTF4 action possible. Names and callsigns were provided to JTF-4 analysts. On 6 Jul, the vessel [] (ref: OOC report) was active; unknown if it was with [].

EVAL: Some correlation based on the vessel [] being SG1A active during the period.
