E. <u>SESSION SUMMARY</u>:

The target vessel is currently active in the Caribbean area at 16 N / 76 50 W where it is picking up additional illegal drugs. It is a versatile freighter that will off-load the illegal drugs at geographical coordinates 23 50 N / 87 W to a metal tug painted red and white. In turn, the tug will unload the drugs in an area known as the "Solomons/Solomons' Pier" located at the Port of New Orleans, Louisiana. The target vessel will off-load only to one boat, the red and white tug. The final destination of the principal target vessel has not yet been determined. The illegal operation "will be thwarted" at the port of call in the US."

The words "Warner/Werner" surfaced phonetically during the course of an effort to identify Americans possibly involved in this illegal operation. The word "Papal" also surfaced phonetically but its significance was not indicated.

The same person has been in continuing control of the target vessel for quite some time. A group from a Columbian cartel is involved in this undertaking.
