25 Oct 94. BASICALLY:

① NO MEETING - OBE

② MTG WAS TO GET ANDY TO FORK OVER FOR R+D.

SG1J

[redacted]
Lin Wells has asked us to set up a meeting with himself and Andy Marshall for the purpose of briefing Andy on Stargate.

I'm not certain of the "protocol"; i.e., should the meeting be in Lin's office or in Andy's office? Plse coord with PSX [redacted]

Briefing requirement should be tasked to [redacted] as senior POC's. Briefing probably would be given by [redacted] (who works for AI).

Focus of briefing is substantive rundown to include the Phenix program. To get Andy familiar with the activity, the need to monitor, and an item of interest/concern from a DOD perspective. Why? Among other things, because Andy may have some money he would be willing to allocate to keep the contract DIA has had going -- the contract that allowed for those unique contacts and sourcing leads. I have the impression that Lin Wells wants to urge Andy to contribute if we can "interest" him.

Please coord among yourselves as to who will set up and plse include me. I think we need no more than 3 from PC [redacted] but that is their call. This should be done ASAP, because Lin is orchestrating interest in this subject in OSD prior to the Yeltsin visit. Thanks, Jay

JAY - WE MAY BE AHEAD OF THE GAME SOMEWHAT. [REDACTED] CAME
DOWN A COUPLE OF WEEKS AGO AND BRIEFED MARSHALL ON "PSYCHOTRONIC WEAPONS" -
FOREIGN PROGRAM ETC (TALKED A BIT ABOUT PHOENIX). THIS WAS IN RESPONSE TO HIS
QUERY ABOUT WHAT THE WEAPONS WERE. THE SESSION WENT VERY WELL (MARSHAL DID NOT
NOD OFF IN THE HOUR PLUS SESSION!). HOWEVER, THE BRIEFING DID NOT FORMALLY TALK
ABOUT SG OR ANY OTHER RELATED PROGRAMS/EFFORTS.

IF THE AIM IS TO GET MONEY FROM HIM WE SHOULD PITCH IT DIFFERENTLY - THIS IS A
FOLLOW ON TO WHAT WE HAVE BRIEFED YOU ON BEFORE, FORMALLY READ ON TO SG,
SPECIFIC DOD INTEREST (AND PROGRAMS) ETC ETC.

HIS AREA IS A SCIF AND I CAN SET UP A SESSION ANYTIME. HIS CALENDER IS BUSY
HOWEVER.

Yes, I agree with you, [redacted] He must have requested information immediately after Lin Wells mentioned the subject to him. A follow-on session to formally read him in and talk about value of program as well as the contract which will be lost due to lack of funds would seem to be in order. But, we need to coord this approach with Wells first [redacted] to see if he agrees and wants to "host", "sit in", or "stay out of it".

SG1J

After PSX determines the latter point, pls have [redacted] set up accordingly.
Thanks, Jay
