DOT Declassification/Release Instructions on File

19 March 1991

Commander George Flanigan, USCG
Commander OLE
11th Coast Guard District
Union Bank Building
400 Oceangate
Long Beach, California 90822-5399

Dear Sir:

I am writing to you today with the personal knowledge and permission of Commander Jim Force, the OLE Commander of the Eighth Coast Guard District in New Orleans. I am a teacher and a professional psychic who resides in San Antonio, Texas where I assist Commander Force's Department on a confidential, volunteer basis.

Due to my Mother's increasing bad health, it appears I will be spending some time this year in your region. My reason for writing is to provide you with information and background regarding my work and services. I make it a practice to offer my **confidential** services to Governmental Agencies and Law Enforcement Agencies on a non-profit, **volunteer basis**. As you will see from my enclosures, I have established a good record and reputation in my psychic work over the years.

I would like to offer my volunteer services to your Department by assisting on any unsolved cases in which few or no clues are presently available. Please understand that I hold your personnel in the **highest** regard. However, I sincerely believe my skills can be beneficial to your efforts. The skills that I have augmented and supplement those of trained professionals in cases where normal procedures have yielded few or no clues.

I have successfully assisted Law Enforcement and Federal Agencies on various investigations involving missing adults and children. I have also been successful in obtaining important and helpful information on cases involving arson, robbery, murder, and locating people lost in the wilderness and on the open Ocean. I have done this work in California, Connecticut, Hawaii, and now in Texas.

I have also established confidential, volunteer working relationships with Lt. Col Robert Christy, Commander of the Security Police at Lackland Air Force Base; and with Colonel Carl Lockett, Regional C.I.D. Commander for U.S. Sixth Army in Presidio, San Francisco.

Enclosed please note a letter from Admiral Kozlovsky, U.S. Coast Guard. As the Commander of the 14th Coast Guard District, he is responsible for search and rescue cases for the entire Central Pacific Ocean.

19 March 1991

Page #2.

I **privately** assisted Admiral Kozlovsky's staff in these and other cases for a period of three and a half years when I lived in Hawaii.

Another noted military reference for me is Colonel Robert Tracy, USA (Ret.) who was a past Western Regional Deputy C.I.D. Commander for the U.S. Army in Presidio, San Francisco. His **private** home telephone number in Austin, Texas is (512) 331-1712.

Four research scientists that continue to monitor my work are Psychologists/Parapsychologists Dr. Scott Jones in Washington D.C. {(202) 224-5413}, and Dr. Stanley Krippner at the Saybrook Institute in San Francisco {(415) 441-5034}, Psychiatrist Dr. Gary Wilson in San Antonio {(512) 490-1300}, and Physicist Dr. Claude Swanson in Virginia (graduate of Yale University) {(703) 848-1860}.

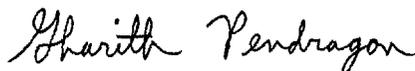

It is important to stress the fact that I am **not** seeking publicity in this work. What I hope to achieve is a life in which my abilities are known and recognized among the Authorities, but kept confidential, so that others may benefit.

If you have read this far, I thank you for your attention and hope that you will at least remember that my services are indeed at your disposal. I sincerely believe that I can contribute to criminal investigations and search and rescue cases in California as well. Whenever I am in California I can be reached at my Mother's address of: 359 West Maple Street, Glendale, California 91204, # (818) 247-6789.

Would it be possible to request an appointment with you when I am in California next?

Please respond at your earliest convenience regarding my sincere request and offer. Thank you for your time and consideration.

Respectfully,

Gharith Pendragon

cc: Commander Jim Force, USCG.
