SUBJECT: SUBJECT: SUN STREAK Report - 9022

TO: BRANCH CHIEF, DT-S

1. (S/STD/NF) On 26 April 1990, four Remote Viewers (#'s 003, 025, 079 and 095) conducted a total of four SOLO sessions in an effort to answer requirements against the suspected narcotics smuggling vessel known as the a 330' cargo carrier w/blue hull and white superstructure which left Cartagena, Columbia on 23 April, 1990. It was believed by the customer to be en-route to San Juan, Puerto Rico. The customer provided the following EEI:

- a. Determine the current location of the
- b. Determine if it is carrying contraband in the form of drugs.
- c. If so, how are they wrapped and where are they stored?
- d. If not, will the vessel on-load drugs (on this voyage)? Where?
- e. Where and when will the target vessel transfer/off-load the illegal drugs?
- f. Phonetically surface call/signs associated with the target vessel.

2. (S/STD/NF) 003 reported that the vessel was located at 18 deg 20 min N / 75 deg 5 min W at the time of viewing. It was reported to not be carrying drugs at the time of viewing, and would not on-load drugs during the course of this trip. No callsigns were obtained.

3. (S/STD/NF) 025 reported that the vessel was located at 16 deg N / 72 deg W at the time of viewing. It was found to be carrying drugs, wrapped in straw and paper packages, located at the top of the stern near the deck line. It was reported as not going to San Juan, but in the direction of the Gulf of Mexico, to off-load the drugs at 24 deg N / 87 deg W. No callsigns were obtained.

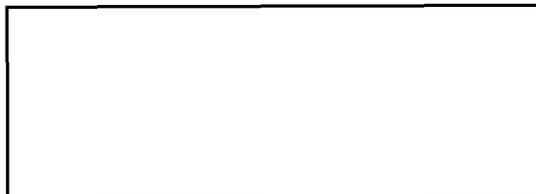

4. (S/STD/NF) 079 reported that the vessel could be found at 15 deg 30 min N / 75 deg 30 min W, carrying drugs in the rear of the ship, above the deck line. It was reported as traveling towards San Juan, Puerto Rico, but there was uncertainty as to its final destination. No off-load point or callsigns were reported.

5. (S/STD/NF) 095 reported that the vessel was located at 15 deg 30 min N / 70 deg 42 min W at the time of viewing. It was reported to be carrying rectangular, well-padded bundles of drugs stored below a large metal plate w/hidden hinges which is in the bow on the port side, well below the waterline. It was reported heading toward Puerto Rico, but that it would not off-load the drugs there, because it would be intercepted before it reached between 17 deg to 17 deg 30 min of latitude. One callsign was reported to resemble "Margarite", "Margo" or "Marco", and another resembled "M1A CO".

6. (S/STD/NF) Located at TAB A is a map showing all the points provided by the Viewers. Located at TAB B are all the Viewers' session summaries and EEI report sheets.
