PROJECT SUN STREAK

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER:	0028 (Tng)	SESSION NUMBER:	1
DATE OF SESSION:	05 FEB 90	DATE OF REPORT:	05 FEB 90
START:	0930	END:	0940
METHODOLOGY:	CRV	VIEWER IDENTIFIER:	052

1. (S/NF/SK) MISSION: To describe the target site (Manmade sand pit) in Stage I terminology.
 2. (S/NF/SK) VIEWER TASKING: Encrypted coordinates only.
 3. (S/NF/SK) COMMENTS: No Physical Inclemencies. This is probably our hardest Stage I target (manmade structure which is a land to land interface). I fully expected 052 to have a very difficult time with it, but 052 resolved it with the first IAB sequence. I rewarded 052 with the information that this signaled the end of the Stage I training. Stage 2 training will begin with the completion of 052's "End of Stage I essay".
 4. (S/NF/SK) EVALUATION: *3*
 5. (S/NF/SK) SEARCH EVALUATION: N/A
- MONITOR: 018
