SUMMARY OF INFORMATION

The surrounding target area is sparsely populated and there are two large bodies of water nearby. These two bodies of water span almost North/South along a fairly narrow section of land.

A more detailed search indicated that this individual was in the country of Nicaragua at the present time (See Enclosure 1). The situation there, and for him is somewhat precarious but it is where he needs to be -- now. His associates appear to be political individuals and in many cases soldiers. He has been to the south -- to Panama many times, but is in this area to avoid some issue elsewhere.

Names of places that were perceived without map assistance where: (spelled phonetically) Chitray, Mantopa, Cuartel, Isla, Playa -- (perceived many times). I know that he is near water, and that the water is salty. He is guarded and well cared for. His wealth is his insurance.
