

AVAILABILITY OF MATERIALS

FD-3 Form 104, the form used for reporting a UFO observation to the Air Force for analysis and evaluation, is available in the S&P-OI Blue Book Office upon request.

The following items are for internal use only and are not available for distribution to the public. These concern internal management and procedures for forwarding UFO reports to the appropriate agency:

1. Air Force Regulation 200-2
2. JASAF 146
3. UFO Project Record Card

The Air Force has no films, photographs, maps, charts, or sketches of unidentified flying objects. Photographs that have been submitted for evaluation in conjunction with UFO reports have been determined to be a misinterpretation of natural or conventional objects. These objects have a positive identification.

The Air Force no longer possesses, and thus does not have for distribution, outdated reports on Project Sign, Project Grudge, Blue Book Special Reports No. 14, and outdated Project Blue Book press releases. Non-military UFO publications should be requested from the publisher, not the Air Force.
