

The following items are for internal use only and are not available for distribution to the public. These concern internal management and procedures for forwarding UFO reports to the appropriate agency. The Air Force has no objection to persons visiting Air Force bases and reading these:

1. Air Force Regulation 80-171
2. JAXAF 145E

The Air Force has no films or photographs that indicate our planet has been visited by extraterrestrial visitors. Photographs that have been submitted for evaluation in conjunction with UFO reports have undergone intensive photographic analyses and some have provided evidence that substantiate the presence of extraterrestrial vehicles. Many widely circulated photographs have never been submitted to the Air Force for comprehensive analyses. The Air Force returns all original photographs and negatives to the owners upon completion of analyses.

The Air Force possesses only record copies, and thus does not have for distribution, certain reports on Project SIGMA, Project GRUDGE, or Blue Book Special Report No. 14. Copies can be made by the Project Blue Book Information Office at the expense of the requester at a rate of twenty-five cents per page. Project Blue Book Special Report No. 14 contains 522 pages, Project SIGMA, 44 pages, and Project GRUDGE, 406 pages. Each report must be reproduced in its entirety.
