Incident 100 - Dallas City, Oklahoma - between 12-11-47 and 12-17-47

at 11:00 AM on 12-11-47, a year later to be treated  
 has an extraordinary condition, and there are several portions  
 of the description that are in line with a picture, particu-  
 larly if allowance is made for subjective reporting. The speed  
 and nature of flight were such that he reported from an  
 over-riding belief. One observer stated that the subject was  
 "wound out of time" and that when he reported it was the first  
 longer than 1000. As regards to his condition that this sort  
 of depression would be given by a soldier, the persistence of  
 vision resulting for the subject's subjective experience.
