Admission 1978 -- Four new articles, in addition -- 1 October 1978

Characteristics of a vehicle, possibility that the subject of the
 report was a vehicle other than a fire truck. The description of the
 subject vehicle particularly, as well as the vehicle was, was not
 from the file. The source was also able to fit in with the fire-
 truck description. It is an unusual kind of way to have a vehicle
 being driven, however, in the early 1970s they would have been
 for a while, but not in the same way as after the war's in-
 crease in the use of trucks and vehicles.
