

Incident No. 103 -- 21 Oct. 1944, between 0100 and 1530 GMT.
Southern, Germany.
An air force officer heard a sound like an F-17 at high altitude,
looked up and saw a dark object shaped like a cone at undetermined alti-
tude, 80° elevation flying southwest at fast undetermined speed in
level flight.

MC Opinion: There is nothing to corroborate the conclusion that
this object was a conventional aircraft at a range outside the limit
of visual resolution.
