

SIGHTINGS OF UNIDENTIFIED OBJECTS

DATE	TIME (GMT)	LOCATION	DESCRIPTION OF INCIDENT	TIME OF FIRST OBSERVATION	SOUND	SPEED	ALTITUDE	REMARKS
May 10, 1947	---	SEA	Dark red cylindrical object seen to glow green to white. Observed from about 30 to 40 ft. of distance. (See Remarks 1, 2) (Classified)	---	---	---	---	---
5 Jan 48	0900	Florida Keys, U.S.	Several observed bright green heat flow object objects ascending through a cloud cover. One object had a long trail of hot flame which seemed to shoot out from behind object. (Classified)	2:30 PM	None	None or 300 kts	Low	---
20 Jan 48	1200	Washington D.C., U.S.	Several observed glowing translucent heat flow heat trails. No trail appeared to appear in 10-15 sec. (See Remarks 1, 2) (Classified)	2:30 PM	None	High	Low	---
24 Jan 48	2200	Florida Keys, U.S.	Several observed luminous object near high flying jet. (See Remarks 1, 2) (Classified)	11:30 PM	---	Low	High	---
24 Jan 48	0900	Florida Keys, U.S.	One object of this object's observed a brilliant white-white trail, emitting a pulsating flame, flying in a horizontal heading. (Classified)	2:30 PM	---	None or 300	High	---
24 Jan 48	0900	Washington, D.C., U.S.	One object observed white trail in the morning on high low speed. (See Remarks 1, 2) (Classified)	2:30 PM	---	Variable	5,000 ft.	Variable
24 Jan 48	0900	ST. LOUIS, MO, U.S.	With one observed unidentified object being observed to shoot up. Observed was rather common type. (Classified) (Remarks 1, 2) (See also Remarks 1, 2) (Classified)	2:30 PM	---	300-400	5,000 ft.	200° to 300°
24 Jan 48	1200	St. Louis, Mo.	Several objects observed streaks of the unidentified objects while participating a mission. (See Remarks 1, 2) (Classified)	---	---	---	---	---
24 Jan 48	0900	Between FL, Washington and Florida, U.S.	After sighting of 2400 (Classified) at 10:00 PM, several unidentified objects in the neighborhood. One of objects was seen close to 10:00. (Classified)	---	---	5 kts	Lower than 5,000 ft.	---
5 Jan 48	0900	England	With both objects which apparently looked close to the horizon but which was flying at 10,000 ft. (Classified)	---	---	---	---	---
7 Jan 48	1200	Between FL and Washington, U.S.	Several objects seen while ascending 100 ft. per sec. (Classified) (Remarks 1, 2) (See also Remarks 1, 2) (Classified)	---	---	Variable	10,000 ft.	---
27 Jan 48	1200	Between FL and Washington, U.S.	Long, bright, expanding cylindrical object with a greenish trail to the rear. (Classified)	1:30 PM	None	10,000 ft.	High	---
28 Jan 48	1000	London	Unidentified object in the night. (Classified)	10:00 PM	---	300 kts	5,000 ft.	Variable
