9. The consideration must be given the following:-

- (1) The possibility that these objects are of domestic origin - the product of some high speed project and hence to be considered as such.
- (2) The loss of physical evidence in the case of crash recovered evidence which would substantially prove the existence of these objects.
- (3) The possibility that some foreign nation has a few of these objects possibly nuclear, which is outside of our domestic knowledge.

10. It is recommended that:-

a. Headquarters, Army Air Force have a directive assigned a priority, security classification and date for a detailed study of this matter to include the preparation of complete sets of all available and pertinent data which will then be made available to the Army, Navy, Atomic Energy Commission, AEC, the Air Force Scientific Advisory Group, SAC, and the SAC and RMA projects for comments and recommendations. A preliminary report to be forwarded within 30 days of receipt of the data and a detailed report thereafter every 30 days as the investigation progresses.
