~~CONFIDENTIAL~~

Lumberton, North Carolina

16 November 1950

I. Description of Incident

At 1215 EST five civilians observed a bright orange, oblong, object moving slowly across the sky. No sound was heard.

II. Discussion of Incident

A jet aircraft was known to be in the area and flying in the same heading as the reported object. The sun shining on this aircraft undoubtedly accounted for the sighting.

III. Conclusion

Probably aircraft.
