AFHQ-4 2nd Ind
 Department of the Air Force, HQ., HQAF, Wash. 25, D. C. 20 December 1946

TO: Commanding General, Air Materiel Command, Wright-Patterson Air
 Force Base, Dayton, Ohio

1. This headquarters concurs in the establishment of a project
 within the Air Force Developmental Research Program in order to further
 investigate and secure quantitative data on the "light phenomena"
 observed in the Northwestern United States.

2. Prior to securing the approval of the Research and Development
 Board and accomplishing the necessary programming within the Developmental
 Division Budget, it will be necessary for you to prepare a project plan.
 This plan should include a statement of the problem, extent of
 accomplishment, scope, facilities and personnel required to make the
 necessary measurements. The funds requirement should be stated by dollar
 classification.

When this necessary information has been received from your
 command, this headquarters will take appropriate action to secure
 Research and Development Board approval. As soon as AF approval is
 forthcoming, your command will be requested to initiate the project.
