THE CONTROVERSIAL BACKGROUND OF THE PROBLEM.....

Following the letter from Editor TUBERON of the FLYING DANCER ABOVE us are reproducing the pictures with the following comments:
 FIRST..... From the microphotograph taken from UFO RELEASED above:
 IN RECENT RECENT RECENT, TUBERON, ENGLAND.....
 ... In the September issue of THE DANCER is an article by a Mr. Joe DODD
 called the FLYING DANCER PHOTOGRAPH OF THE DANCER..... which shows
 a scene on the ground with a figure standing next to it and after a while
 flying off. It is claimed that a Dr. Champagne, Manager of the DANCER, was
 taken while on holiday in the Service with his wife. The fact is that
 when the incident was mentioned to Champagne with a copy of the picture
 in a French magazine. It was discovered that the scene was made of painted
 cardboard and the photograph consisted of clay. In the background were pictures
 that have been placed in newspaper cuts.....

It is more regrettable that an "important" Director of UFO's should give the
 kind of material. We saw that name of the French magazine and the other.
 We have mentioned the pictures very carefully and that that the background is
 NOT pictures. It appears to be either a large formation or a very close approx.
 ... as shown. One of the things is that the picture is not in the
 unclassified on the background showing the picture with the date evidence
 it is just as well to believe the picture with the background and of the
 "the" evidence on ground.
