| By J. P. [redacted], Consultant   |                     | Confidential        |                   |
| REF ID: A66542 dated 22 August 1982   |                     |                     |                   |
| <p>1. Transmitted herewith is preliminary information obtained from various German astronomical observatories and meteorological institutions as a result of letters written during July 1952 by an office of the German Space Travel Society, requesting that they report any "unexplained aerial objects" observed.</p> <p>2. A total of twenty-seven (27) astronomical observatories and meteorological institutions in Germany, Austria, and Switzerland, listed in Part II of this report, were contacted by letter and to-date negative replies have been received from nine (9) institutions marked with an asterisk in this list.</p> <p>3. Followup letters have been written to the other institutions and further information received will be forwarded in later reports.</p> <p>4. Part II also contains a report on "unexplained aerial objects" which was received during June 1952 at the Stuttgart office of the Space Travel Society. The informant officer of the above Society will have a personal interview with the reporter of this incident.</p> <p>5. The information contained herein will be of interest to the AIC Technical Intelligence Center, Wright-Patterson Air Force Base, Ohio.</p> |                     |                     |                   |
