UNCLASSIFIED

WJ described the sight of the second surveillance as being clear, with no unusual meteorological or physical activity. There were no aircraft in the area at the time. The arrival time of sighting the subject varied from WJ, DAVIS' estimate of approximately 2070 hours to WJ, THOMAS' estimate of approximately 2150 hours. WJ, WATTS' estimate is as to whether or not could not be reached for interview.

WATTS' Office: Santa Costa County Municipal Airport (Padawan Field) is located approximately 100 degrees south, six miles from location of observation.
