-3-

19. On the following Sketch B, label a at the apparent position of the object when first seen and b at point last seen. Trace the apparent path of the object between points a and b.

If possible label 1, 2, 3, etc., along the traced path to show the successive positions of the object after equal intervals of time during the sighting.

SKETCH B

20. In Sketch C please show the observed features of the object such as:
- Apparent shape, (were edges pointed or rounded),
 - Apparent direction of motion (show by arrow), and
 - Other details, exhaust, trails, tails, surfaces, etc.

SKETCH C

21. The sun and the moon are shown below as they appear in their correct relative size. In this sketch D, show the apparent size of what you saw.

SKETCH D
