Special: (Leave blank unless stated. See explanation in the instruction booklet. Do not enter a check in this column unless it has been checked.)				
<p>Mr. Herick Forrest of Wallops, Va., reported an observation of a group of strange and light in sky with a drift-in character at Wallopsville, Va.</p> <p>The observation was made between 2200 and 0200 hours on 20 June 1952.</p> <p>The observer described the lights as being strange in appearance and not resembling those of an aircraft.</p> <p>This Office believes that the lights may have been a reflection of a source of red lights used by a vessel located approximately 10 miles west of the location of the observation. However, this report is being forwarded because of the very alleged sighting of flying objects in this area of land.</p> <p>These so-called sightings may have been stimulated by the recent newspaper publicity on the subject.</p>				
<p>(NOTE: This Office was advised by Captain Tappan, 21st Tactical Fighter Wing, "Wallops", that no official statements should be necessary.)</p>
