<p>1. In reference to teletype, this headquarters, 211640 June 1958, number 030 1300 Z PLUMMET and APL 200-6, dated 20 April 1958, a report is submitted on the sighting of unidentified aerial object.</p> <p>2. An unidentified flying object was observed from the engineer's window of a B-29 which was cruising 150 MPH at 8,000 feet directly over Kelly AFB on 21 June 1958. The object appeared semi-circular with pointed nose and oval trailing edge. The center of the object was dark blue/indigo with white and the overall outer edge of the object was tinged with red. Its speed was undetermined.</p> <p>3. This is the second reported sighting of unidentified objects in the San Antonio area within a month. However, resemblance between the objects of the two sightings is slight. (Refer to AID, this headquarters, dated 28 May 1958).</p>
